### ☆ Success Story ☆

*Dr. Sheldon grafted tissue <sup>☆</sup> above two of my teeth on the upper left of my mouth where the gums had receded noticeably. My dentist had suggested this procedure as a way to prevent future dental problems and sensitivity in those areas.*

*I was nervous, but with a local anesthetic the surgery was painless. Of course that side of my mouth was uncomfortable for the next few weeks, and I had to "baby" it until the tissue was completely healed.*

*However, I am very pleased with the results. Dr. Sheldon and his entire staff have been professional, prompt, courteous, and especially caring during every office visit.*

*Thank you Dr. Sheldon!*
